RTO CODE: 45569

ALC Australian Learning And Care

NATIONALLY RECOGNISED TRAINING

Australian Learning and Care
TLI30325

UNIT

TLID0020
Shift materials safely using manual handling methods

TLIF0009
Ensure the safety of transport activities (Chain of Responsibility)

Certificate III in Supply Chain Operations

Advance Your Career in Logistics with the TLI30325, Certificate III in Supply Chain Operations

Students will explore real-world case studies, tackle hands-on projects, and receive guidance on best practices for maximising efficiency in supply chain processes. This course emphasises the importance of time management, coordination, and accurate data handling to ensure smooth operations across each step of the supply chain. This qualification is ideal for individuals who are looking to develop or enhance their skills in supply chain operations, with practical knowledge that can be applied across warehousing, logistics, and transportation sectors. Students will be prepared to support operations, ensure timely delivery, and contribute to the overall productivity and efficiency of their organisations.

Elective Units

TLID0015	Load and unload goods/cargo
TLIE0008	Calculate mass, area and quantify dimensions
TLIH0005	Interpret road maps and navigate pre-determined routes
BSBOPS304	Deliver and monitor a service to customers
BSBPUR301	Purchase goods and services
TLIF0006	Administer a fatigue risk management system

Elective Units

TLIF0080	Implement and monitor the safety duties of transport activities (Chain of Responsibility)
TLIG0002	Lead a work team
TLIL0007	Complete workplace induction procedures
TLIU2012	Participate in environmentally sustainable work practices
TLIU3011	Implement and monitor environmentally sustainable work practices
